# Some Cool Features We Have Implemented

-

  Snackbar for Failures and Successful actions

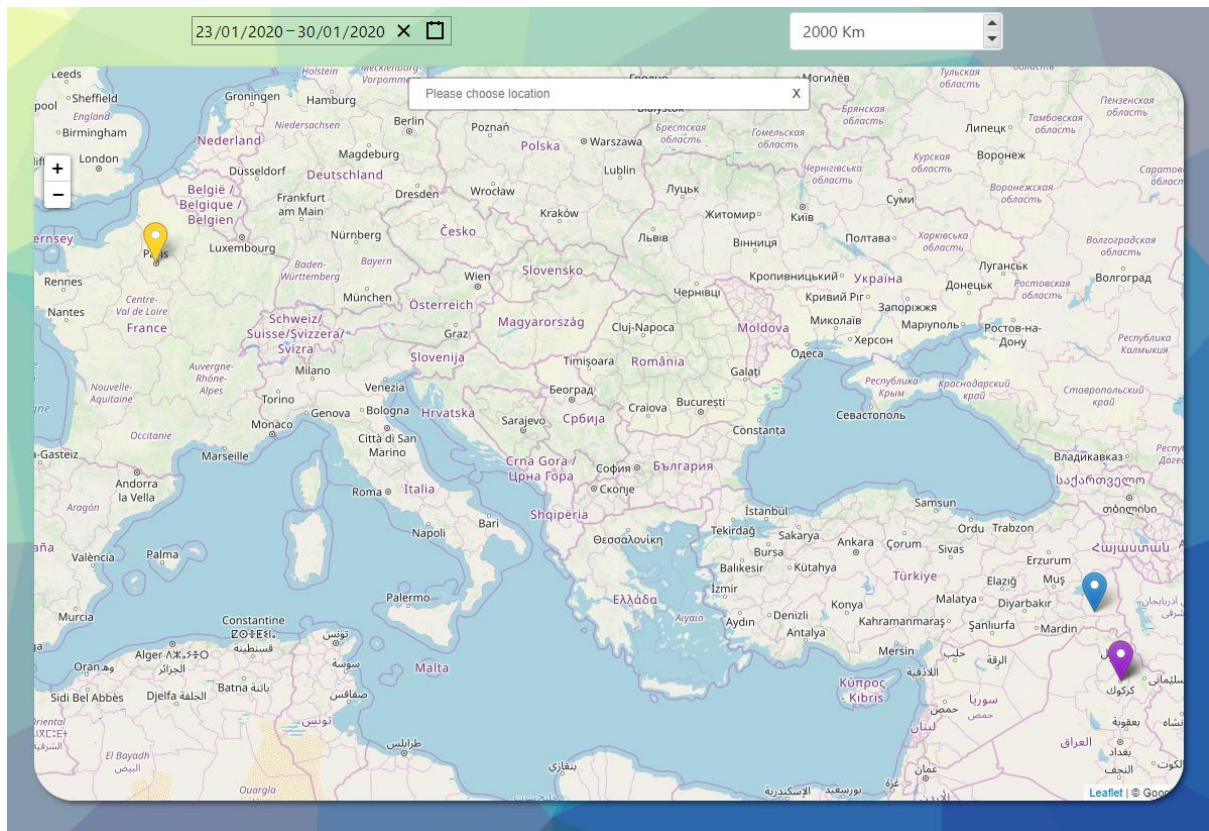

- Styled modal for create / edit posts with map view:

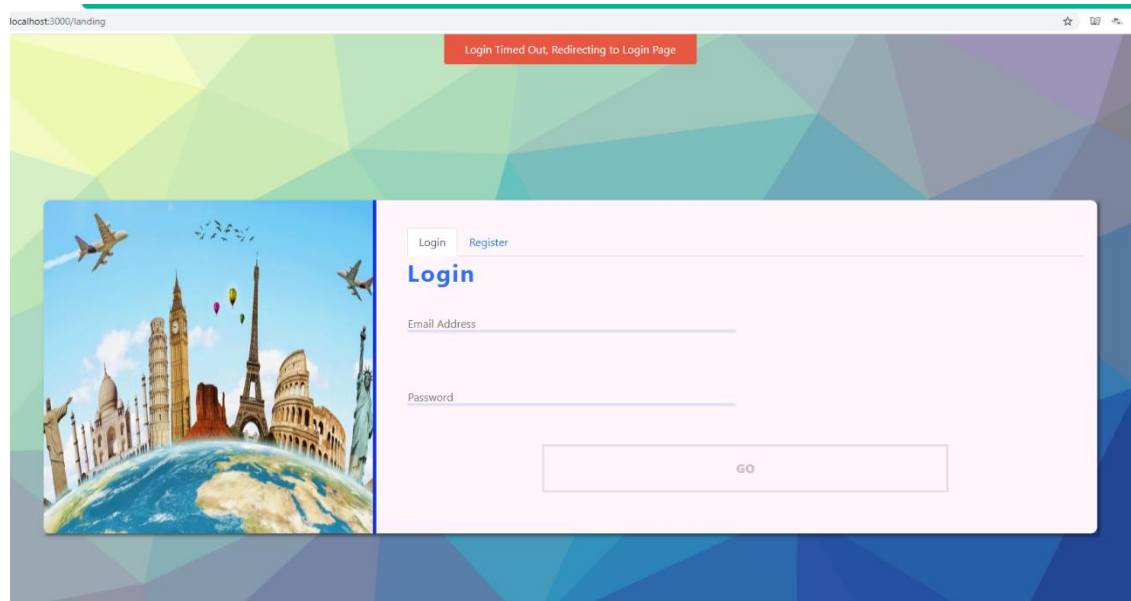

- Styled Carousel for posts, each post is a card:

- Styled Map Search Page:

  o Yellow markers represent followed users' posts
  o Purple markers represent query result posts

- When Token expires, our frontend handles it and exits to login/register page!

- Styled navbar

- AutoComplete when searching for a user:
